

THE BOX BED

DESIGNED FOR YOU

FOR YOUR NEEDS

The Box Bed is designed for both adults and children

The Box Bed is a strong, secure and flexible bed manufactured with quality, durability and ease of use.

The Box Bed is designed to the highest standards and is the only one of our beds manufactured outside the UK.

The compact size and efficient raising and lowering system make it suitable for use within a homecare environment. It is also perfect for use within hospitals and nursing homes.

The electric raising and lowering system ensures less strain on the carer. The bed may be fixed at any desired height.

The bed tilts in both Trendelenburg and anti-Trendelenburg positions

Measurements of a standard size Box Bed:

Length – 200cm

Width – 90cm

Height of sides – 70cm and 100cm

Height adjustment – 39cm to 94.5cm

Optional extras for the Box Bed include:

- Doors on both sides
- Higher or lower sides
- Profiling bed base
- A range of colours
- Specialist foam mattress with a PU waterproof cover
- Bespoke padding in a range of colours and heights

The design of the Box Bed ensures you get the bed you need - supported by customer service you can trust.
