

THE BIG FRIENDLY BED

DESIGNED FOR YOU

FOR YOUR NEEDS

Gives complete peace of mind ...

The Big Friendly Bed is designed to the highest standards and manufactured in the UK.

If you need a higher-sided bed, then look no further than the Big Friendly Bed. This bed can be built with significantly higher sides than the Hi-Lo Comfort Bed as it does not have raising or lowering lifting features.

The Big Friendly Bed:

- Can be made in any size – standard lengths are 180cm, 190cm and 200cm
- Is easy to keep hygienically clean
- Is made in the UK, making support for the frame and for clients readily available
- Is a cost effective, reliable bed that will last for many years

Optional extras for the **Big Friendly Bed** include:

- Spindles, polycarbonate, or hard wood – any combination for the sides, doors and head and footboards
- Profiling bed base
- Strengthening bar
- Specialist foam mattress with a PU waterproof cover
- Bespoke padding in a range of colours and heights
- Step-in height adjustments to suit

The bespoke design of the Big Friendly Bed ensures you get the bed you need - supported by customer service you can trust.
