

THE COMFORT BED

DESIGNED FOR YOU

FOR YOUR NEEDS

Gives complete peace of mind that your child is safe and having sweet dreams...

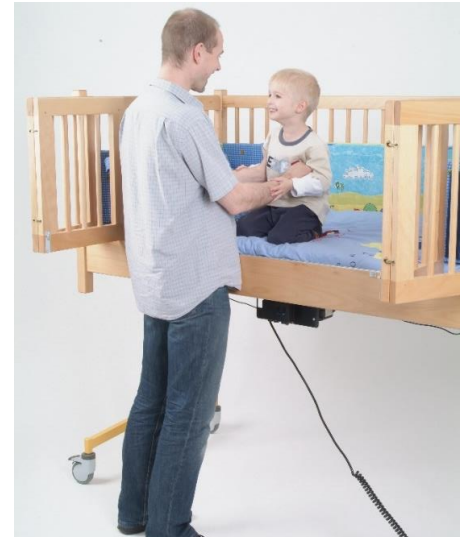

The Comfort Bed is designed to the highest standards and manufactured in the UK. The beds are safe and strong with secure doors made from wood or polycarbonate.

The Comfort Bed:

- Can be made in any size – standard lengths are 180cm, 190cm and 200 cm
- Tilts in both Trendelenburg and anti-Trendelenburg positions
- Has electric raising/lowering, for ease of use for carers
- Is easy to keep hygienically clean
- Is made in the UK, making support for the frame and for clients readily available
- Is a cost effective, reliable bed that will last for many years

Additional items for the Comfort Bed include:

- Spindles, polycarbonate, or hard wood – any combination for the sides, doors and head and footboards
- Profiling bed base
- Specialist foam mattress with a PU waterproof cover
- Bespoke padding in a range of colours and heights

Electric raising and lowering for ease of use

Tilts in both directions

Polycarbonate doors
